Forecast for Monday 25 Jul 2022

Weather: Initially dry through the early hours but thicker cloud will bring some outbreaks of rain through the latter part of the night and extending into the morning. Cloud lifting and breaking into the afternoon with some dry and bright spells to end the day. Cold with a strong to gale force northwesterly wind.

Chance of cloud-free hill tops above 700m: 20% until early-afternoon, then 90% for the rest of the day.

Low cloud and visibility: Widespread low cloud down to 400 m through the early hours and morning. This lifting to around 600 or 700 m by early-afternoon and then further into the afternoon as cloud also begins to break or become largely above summits.
